SANGOMA

Training Partners – Expand Certification Training

Sangoma wants to empower our partners to provide your own customers with the necessary skills and experience to deploy and maintain Sangoma solutions. Sangoma University offers a comprehensive selection of both Online and Classroom technical training courses from which our partners can leverage. Partners can provide classroom training events that follow several distinct Sangoma training programs to help your own customers achieve the required levels of technical certifications.

Classroom Training Curriculum

Sangoma Certified Training Partners will have access to several classroom course materials. The Partner is now empowered to offer these classroom courses directly to your customers. Sangoma has two levels of classroom training, to ensure some diversity and flexibility in course offerings.

Sangoma Certified Professional (SCP)

Sangoma Getting Started Professional courses are the entry level classroom course and is focused on the condensed content of the Getting Started Training material.

- » PBXact Getting Started Professional Training Course – 2 Day Course
- » FreePBX Getting Started Professional Training Course – 2 Day Course
- » Vega Gateway Getting Started Professional Training Course – 1 Day Course

Sangoma Certified Administrator (SCA)

Sangoma Getting Started Administrator courses are the highest-level classroom course and is focused on the comprehensive content of the Getting Started Training material.

- » PBXact Getting Started Administrator Training Course – 3.5 Day Course
- » FreePBX Getting Started Administrator Training Course – 3.5 Day Course
- » SBC Getting Started Administrator Training Course – 2 Day Course

Sangoma Marketing

Classroom training events hosted by Sangoma Certified Training Partners will be provided equal level Sangoma Marketing resources. Sangoma will provide Images, Website Event Highlights, Newsletters, Social Media and other forms of communications to highlight and advertise the Partners Training event.

Student Benefits

When a Student attends a Sangoma Certified Training Partners classroom event, the student benefits with access to Sangoma Certifications. The Student can recognize their achievement by obtaining a Sangoma Certificate. Sangoma University offers three levels of certification, two of these levels are directed towards classroom training.

Sangoma Certified Professional (SCP)

As the student attends a Sangoma Getting Started Professional course they are introduced to the entry level classroom course and are focused on the condensed content Getting Started Training material. Successful completion of an SCP exam on Sangoma products such as, PBXact, FreePBX, and Vega Gateway will have a Sangoma Certified Professional certificate.

- » PBXact Certified Professional Certification
- » FreePBX Certified Professional Certification
- » Vega Gateway Certified Professional Certification

Sangoma Certified Administrator (SCA)

As the student attends a Sangoma Getting Started Administrator course they are introduced to the highest-level classroom course and are focused on the comprehensive content Getting Started Training material. Successful completion of an SCA exam on Sangoma products such as, PBXact, FreePBX, and SBC will have a Sangoma Certified Administrator certificate.

- » PBXact Certified Administrator Certification
- » FreePBX Certified Administrator Certification
- » SBC Certified Administrator Certification

Training Portal

Both Partner and Student are fully integrated into the Sangoma University Portal (<https://training.sangoma.com>). Both the Partner and Student have full access to the course material. In addition, the Student has access to the Certification Exam. This comforts the student that the Partner and Sangoma are delivering a consistent training.

Student Seat License

There is a Student Seat Licence the Partner is responsible for. This Seat License provides the Partner with Training Material, Marketing and Training Infrastructure. The Student receives 6 months access to the Training Material and access to the Certification Exam. Please contact Sangoma Training for the Sangoma Certified Training Partner Agreement and pricing.
