

Sangoma UK Cloud Services Terms of Service

THESE TERMS OF SERVICE, including the Order(s) and any applicable Service Attachments, which by this reference are incorporated herein ("Agreement"), are a binding agreement between Sangoma Technologies Inc. , a company incorporated under the laws of the province of Ontario, Canada and with a registered branch office in England and Wales with business registration number BR015412 ("Sangoma"), and the legal entity identified in the Order ("Customer"). Sangoma and Customer may be individually referred to as a "Party" or collectively as the "Parties".

By electronically signing this Agreement, Customer (a) accepts this agreement and agrees that Customer is legally bound by its terms; and (b) represents and warrant that: (i) its representative is 18 years of age or of legal age to enter into a binding agreement; and (ii) has the right, power, and authority to enter into this agreement on behalf of the corporation, governmental organisation, or other legal entity, and to bind such organisation to these terms. If Customer does not agree to the terms of this agreement, neither Customer nor its End Users may download, install, or use the services or equipment.

The Parties agree as follows:

1. Definitions

Capitalised terms not defined have the meaning given to them in Exhibit A.

The Order will identify the Services requested by Customer together with: (i) the price for each Service; (ii) scheduled Start Date; (iii) and products leased, licenced or sold to Customer, if any. An Order will become binding when it is executed by the Customer and accepted by Sangoma. Sangoma may accept an Order by commencing performance of the requested Services. The Services will begin on the Start Date. Customer may purchase additional Services, software, and equipment through subsequent Orders.

2.2. Service Descriptions

2.3. Sangoma IP-Phones Rentals

- 2.3.1. Customers may rent new or like-new Sangoma IP-Phones from Sangoma on a monthly basis along with twelve (12) month or more service plans for Cloud PBXact coterminously with their Service plan.
- 2.3.2. The monthly rental charges and the rental period are provided in the relevant quote or Sales Order as well as on <https://cloud.pbxact.co.uk>.
- 2.3.3. Customer acknowledges and agrees that Sangoma IP-Phones shall at all times be the sole property of Sangoma and not of Customer, and Customer shall not remove (or permit anyone else to remove) any notices pertaining to ownership of the phones.
- 2.3.4. To the extent the terms of this Agreement do not otherwise conflict, the Sangoma IP-Phones must be returned in accordance with the Sangoma return policy a copy of which is available here - <https://www.sangoma.com/legal/>. Generally, in advance of returning rented phones, Customer must contact Sangoma's technical support department to request an RMA number for tracking purposes during the return process. The RMA number must be clearly visible on the outside of the shipping box (es) and return slip.. Sangoma pays the shipping costs to have phones shipped to Customer as part of an RMA and Customer is responsible for all costs related to packing and shipment of the phones to Sangoma's return centre at the end of the rental period.
- 2.3.5. Throughout the rental period Customer assumes all risk of loss or damage to phones. Sangoma owns the rental phones throughout and after the rental period.
- 2.3.6. Customer agrees to use the phones solely in connection with the Service and in accordance with this Agreement.
- 2.3.7. Customer agrees to use the Sangoma phones solely at the physical address registered with Sangoma and must not remove any Sangoma Phones from such address.
- 2.3.8. Upon any expiration or termination of the rental period, the phones must be returned to Sangoma's return centre. If Customer fails to return the phones to Sangoma's return centre at the expiration or termination of the rental period or if the phones are returned to Sangoma's return centre but Sangoma determines the phones are damaged (beyond normal wear and tear) or were destroyed or lost during shipping to Sangoma's return centre, Sangoma will generate an invoice to the Customer for the MSRP of the Sangoma phones and charge the amount in the Customer's Sangoma account record. Additionally, if the rental arrangement is terminated prior to the end of the rental period by Sangoma for Cause or by Customer without cause, Customer is responsible for paying the full remaining balance on all rental charges owed for the remaining Term.

2.3.9. Customer must use best efforts to maintain the phones in good repair and working condition with exceptions for normal wear and tear. Customer must not pledge the phones as security for any debt or allow liens or encumbrances to be assessed against such phones. Customer must not transfer or loan the phones to any other party.

2.4. Term of this Agreement

The Term of this Agreement will commence on the Effective Date and continue until the last Order Form is terminated or expires, unless terminated earlier in accordance with its terms.

2.5. Services Term and Automatic Renewal

The Services Term will begin on the Start Date of the initial Order and continue for the initial term set forth in the initial Order ("Initial Term"). Upon expiration of the Initial Term, recurring Services will automatically renew on a month to month basis at the same monthly rate unless the Customer gives notice of non-renewal at least thirty (30) days before the expiration of the Initial Term or the then-current Renewal Term.

3. Invoicing and Payment

3.1. Prices and Charges

All prices are identified in British pound sterling, as identified on the website. Additional charges may result if Customer activates additional features, exceeds usage thresholds, or purchases additional Services or equipment. Customer will be liable for all charges resulting from use of the Services on its Account.

Recurring charges for the Services begin on the Start Date and will continue for the Term. Recurring charges will, once incurred, remain in effect for the then-current Term. Sangoma will provide notice of any proposed increase in such charges no later than thirty (30) days before the end of the Initial Term or then-current Renewal Term, and any such increase will be effective on the first day of the next Renewal Term.

Outbound calling rates will be applied based on the rates in effect at the time of use. Customer may locate the currently effective rates at <https://www.sipstation.co.uk/> and at <https://cloud.pbxact.co.uk>

Sangoma reserves the right to modify outbound calling rates. New rates will be published on our websites and communicated with the customer base via email with a 30-day notice.

3.2. Billing and Payment

All Services and equipment must be purchased via direct debit at the time of purchase. By providing a direct debit account, Customer is expressly authorising all Services and equipment charges and fees to be charged to such account. Recurring charges are billed to the direct debit account monthly in advance for those Services and equipment in the following month. Metered charges are invoiced monthly, at the end of the period. Sangoma may terminate the Services and this Agreement for non-payment if any fees or charges are not paid within thirty (30) days of the due date.

3.3. Taxes

All rates, fees, and charges are exclusive of applicable Taxes, for which Customer is solely responsible. Taxes may vary based on jurisdiction and the Services provided. If any withholding tax is levied on the payments, then Customer must increase the sums paid to Sangoma so that the amount received by Sangoma after the withholding tax is deducted is the full amount Sangoma would have received if no withholding or deduction had been made.

3.4. Billing Disputes

If a Customer reasonably and in good faith disputes any portion of Sangoma's charges, it must provide written notice to Sangoma within thirty (30) days of the billing date, identifying the reason for the dispute and the amount being disputed. Customer's dispute as to any portion of the billing statement will not excuse Customer's obligation to timely pay the undisputed portion of the billing statement. Upon resolution, Customer must pay any unpaid amounts within thirty (30) days. Any amounts that are found to be in error resulting in an overpayment by the Customer will be applied as a billing credit against future charges. Customer will be reimbursed any outstanding billing credits at the expiration or termination of this Agreement.

4. Provision of the Service

4.1. General Terms

Sangoma will provide the Services as described in the relevant Service Attachment. Sangoma may enhance, replace, and/or change the features of the Services, but it will not materially reduce the core features, functions, or security of the Services during the Term without Customer's consent.

4.2. Customer Care

- 4.2.1. Customer must provide all first-tier support to Customer's End Users. Sangoma may require Customer's Helpdesk support personnel to complete a series of training courses on Sangoma's Services. Such training will be provided online by Sangoma at no cost. Leader-led classroom training at selected Sangoma locations are subject to fees. For more details please visit <https://www.sangoma.com/training/>.
- 4.2.2. Sangoma will make second-tier remote support available to Customer's Helpdesk personnel and/or Account Administrators via centre, which will be available during business hours, to attempt to resolve technical issues with, and answer questions regarding the use of the Services. Onsite and implementation services are not included in the Sangoma Customer Care support.
- 4.2.3. Customer may open a case with Sangoma Customer Care at <https://support.sangoma.com/>. Any individual contacting Customer Care on behalf of Customer must be authorised to do so on behalf of the Account and will be required to follow Sangoma's authentication protocol.

4.3. Professional Services

Sangoma offers a broad portfolio of professional services that includes onsite and remote implementation services; extended enterprise services including dedicated proactive network monitoring and premium technical support; and consulting. Any such services are governed by this Agreement, the Professional Services terms, and any applicable Statement of Work (SOW), which may be attached hereto.

4.4. Subcontracting

Sangoma may provide any of the Services hereunder through any of its Affiliates or subcontractors, provided that Sangoma will bear the same degree of responsibility for acts and omissions for those subcontractors acting on Sangoma's behalf in the performance of its obligations under this Agreement as it would bear if such acts and omissions were performed by Sangoma directly.

5. Use of the Service

5.1. Service Requirements

Use of Sangoma products and services (collectively, “Services”) is dependent on meeting the Technical Sufficiency Criteria. These Technical Sufficiency Criteria set forth below, are incorporated into and made a part of the applicable Service Agreement. These Technical Sufficiency Criteria may be amended from time to time and such updates will become effective thirty (30) days after notice to Customer.

The Services require a properly-configured, high performance, enterprise-grade internet network and connection. Use of the Services with any network, services, or connection not compatible with the Services may result in partial or complete unavailability, interruption, or underperformance of the Services or other services utilising the same network, services, or connection. Likewise, 2G, 3G, or LTE networks are not recommended for use with the Services. Customer will provide and maintain, at its own cost, an IP network, services, and connection meeting the foregoing standard and all equipment necessary for the Services to connect to and use such network, services, and connection.

To minimise unauthorised use, Customer should (a) disable international calling for all extensions or Accounts for which such calling activity is not needed or not authorised; (b) restrict international calling destinations to those that are needed and authorised; (c) block inbound calls from any caller and area codes from which Customer does not wish to receive calls and block inbound calls with no caller identification if appropriate; (d) disable attachment of facsimile image and voicemail audio files to message notification emails associated with Customer’s Account(s) and/or individual Digital Lines or extensions for which such functionality is not required and to the extent that such files may include sensitive or confidential content.

Sangoma will not be responsible for any deficiencies in the provision of the Services if Customer’s network does not meet Sangoma’s Technical Sufficiency Criteria.

5.2. Use Policies

Customer and its End Users may use the Services only in compliance with this Agreement, applicable Law, and the Use Policies referenced below, which are incorporated into and form part of this Agreement. Customer may not use, or permit the use of the Services, to interfere with the use of Sangoma’s service by others or with the operation of the Sangoma Network. Customer may not resell the Services. Customer must ensure that its End Users comply with the Use Policies. Any breach of this Section (Use Policies) will be deemed a material breach of this Agreement.

Sangoma may update the Use Policies from time to time and will provide notice to Customer at the email address on file with the Account. Such updates will become effective thirty (30) days after such notice to Customer.

5.2.1. Acceptable Use Policy (AUP)

The Services (including any device, system, network, or account used in connection with the Services, or the Sangoma Network) may not be used to:

- 5.2.1.1. Illegal activity. Violate any applicable local laws or regulations, or any applicable law or regulation of any foreign jurisdiction.
- 5.2.1.2. Infringing activity. Infringe, misappropriate, or otherwise violate Sangoma’s or anyone’s rights (including intellectual property, privacy, personality, publicity, or otherwise; or display or use Sangoma’s marks without consent or in violation of Sangoma policies).
- 5.2.1.3. Auto-dialling; trunking; traffic pumping. Perform auto-dialling or “predictive dialling” in an abusive manner; trunk or forward your Sangoma phone or fax number to other numbers that handle multiple simultaneous calls or to a private branch exchange (PBX) or a key system; traffic pumping or access stimulation of calls through the Services or the Sangoma Network.
- 5.2.1.4. Minors. Exploit or harm minors (e.g., expose them to inappropriate content; ask for personally identifiable information without parental consent).

- 5.2.1.5. Interference; transmit viruses. Interfere, inhibit, compromise, or otherwise harm the Services or the Sangoma Network (regardless of intent or knowledge); transmit any material that contains viruses, time or logic bombs, Trojan horses, worms, malware, spyware, or any other programs that may be harmful or dangerous.
- 5.2.1.6. Objectionable activity. Act in an indecent, offensive, threatening, harassing, defamatory, libellous, fraudulent, malicious, disruptive, tortious, or other objectionable manner; or create a false caller ID identity (i.e., ID spoofing), forge addresses or headers, or otherwise mislead others about a sender's identity or origin.
- 5.2.1.7. Harvest information; spam; bulk messages. Harvest or collect information about third parties or End Users without consent; send bulk communications or other content without the recipient's consent.
- 5.2.1.8. Excessive or unauthorised use. Use any device, system, network, account, plan, or the Services in an unauthorised manner or in excess of reasonable business use.
- 5.2.1.9. Circumvent compliance or security. Take advantage of, bypass, exploit, defeat, disable, or otherwise circumvent limitations of the Services, security mechanisms, or compliance with this AUP or any law.
- 5.2.1.10. Interception. Intercept, capture, sniff, monitor, modify, emulate, decrypt, or redirect any communication or data for any purpose.
- 5.2.1.11. Resale Prohibited. Except for Certified Sangoma Resellers under the terms of Sangoma Partner Agreements, Customer may not sell, resell, sublease, assign, license, or sublicense the Services or any component thereof or use or offer the same on a service-bureau or time-sharing basis.

High Risk Use Prohibited. THE SERVICES ARE NOT DESIGNED, MANUFACTURED, INTENDED, OR RECOMMENDED FOR USE FOR ANY HIGH-RISK OR FAIL-SAFE PURPOSE OR ACTIVITY OR IN ANY ENVIRONMENT WHERE FAILURE, INTERRUPTION, MALFUNCTION, ERROR, OR UNAVAILABILITY COULD RESULT IN SUBSTANTIAL LIABILITY OR DAMAGES, PHYSICAL HARM OR PERSONAL INJURY, DEATH OR DISMEMBERMENT, OR PROPERTY OR ENVIRONMENTAL DAMAGE. CUSTOMER SHALL NOT USE THE SERVICES FOR ANY SUCH PURPOSE OR ACTIVITY OR IN ANY SUCH ENVIRONMENT.

The list above is not exhaustive or exclusive. For purposes of this AUP, "End User" means an individual user of the Services, and may be a natural person, and may include but is not limited to a Customer's employees, consultants, clients, external users, invitees, contractors and agents. Except as otherwise provided, terms defined in the Agreement have the same meanings when used in this AUP. The Services must be used only in accordance with and subject to Sangoma's Emergency Services Policy as per Section 5.2.2 below and Privacy Notice – found at <https://www.sangoma.com/legal>.

Sangoma may act immediately and without notice to suspend or terminate the Services if, in Sangoma's sole discretion, Customer's or its End Users' use of the Services violates the terms of this Acceptable Use Policy.

Notwithstanding anything to the contrary in this Agreement, Sangoma may act immediately and without notice to suspend or limit the Services if Sangoma reasonably suspects fraudulent or illegal activity in the Customer's Account, material breach of the Acceptable Use Policy, or use of the Services that could interfere with the functioning of the Sangoma Network provided such suspension or limitation may only be to the extent reasonably necessary to protect against the applicable condition, activity, or use. Sangoma will promptly remove the suspension or limitation as soon as the condition, activity or use is resolved and mitigated in full. If Customer anticipates legitimate but unusual activity on its Account, Customer should contact Sangoma Support in advance to avoid any Service disruption.

5.2.2. Emergency Services

Sangoma provides access to emergency calling services, allowing most Sangoma users to access either 999/112 emergency services. Sangoma users can dial 999/112 emergency services directly from their IP Desk Phones or Softphone provided they are located at the registered location. VIRTUAL EXTENSIONS AND MOBILE USERS USING SANGOMA'S MOBILE APPLICATION SHOULD NOT DIAL EMERGENCY CALLING SERVICES FROM THE SANGOMA SERVICE.

Emergency calling services work differently than you may have experienced using traditional wireline or wireless telephones. Your access may differ depending on your location or the device you are using.

5.2.2.1. Registering Your Location

You must register the address of the physical location where you will use the Sangoma Services immediately upon activation of your End Point. This is your Registered Address. You must use Sangoma voice services only at the Registered Address provided. If you do not update the Registered Address, any 999/112 emergency services calls made from the device may be sent to the wrong emergency response centre and will not transmit your current location information to emergency responders, delaying emergency assistance to you. It may take up to several hours for the address update to take effect.

5.2.2.2. Service limitations

Sangoma 999/112 emergency service dialling will not function (i) in the event of an Internet or power outage; (ii) if your broadband, ISP, or Sangoma Service is terminated; and (iii), with respect to only the Sangoma Zulu UC Mobile Application, if you do not have mobile service. It is possible that network congestion may delay or prevent completion of any 999/112 emergency services call. You will not be able to complete a 999/112 emergency services call if you move to a physical location outside the country in which your Digital Line is provided.

Users uncomfortable with any of these limitations should use an alternate means of reaching 999/112 emergency services.

5.2.2.3. How it Works

When you dial 999/112 emergency services using voice services from Sangoma, the Sangoma phone number and the Registered Address you have provided is sent to the local emergency centre serving your location. In some areas, emergency operators have access to this information; however, in other areas the emergency operator answering the call may not be able to see your Sangoma telephone number or your Registered Address. You should always be prepared to provide the emergency operator with your Sangoma telephone number and Registered Address in case the call is dropped or disconnected. If you are unable to speak, the emergency operator may not be able to send help to your location and/or call you back should the call be disconnected. Sangoma does not control whether or not the emergency operator receives your telephone number and Registered Address.

In some cases, 999/112 emergency services calls dialled from your Sangoma device cannot be directed to the local emergency response centre and are instead directed to a non-location-based Emergency Call Centre (the “ECC”). That might happen if there is a problem validating a Registered Address, if the Registered Address is an international location, or if the Registered Address is in an area that is not covered by the landline 999/112 emergency services network. 999/112 emergency services call that are directed to the ECC may not include your Sangoma telephone number or your registered address. Trained operators at the ECC will request your name, location, and telephone number and attempt to reach emergency responders in your local area. Until you give the operator your phone number, and location, he/she may not be able to call you back or dispatch help to your location if the call is dropped or disconnected.

5.2.2.4. Notification of Employees, Guests, or Other Users

Customers must notify any employees, contractors, guests, or persons who may place calls using the Services or may be present at the physical location where the Services may be used, of the limitations of Sangoma 999/112 emergency service from your Sangoma IP phone, other equipment, or the Sangoma Softphone. Where required, Customer must affix a Sangoma-provided sticker warning that 999/112 emergency services may be limited or unavailable in a readily visible place on each piece of equipment that might be used to access or use the Services.

5.2.2.5. Disclaimer of Liability for Emergency Call Response

Your use, and use by your employees, guests and other third parties, of Sangoma’s 999/112 emergency services dialling is subject to the limitations described herein. The availability of certain features, such as transmission of a Registered Address or your Sangoma telephone number, depends on whether local emergency response centres

support those features, and other factors outside of Sangoma's control. Sangoma relies on qualified third parties to assist us in routing 999/112 emergency services calls and text messages to local emergency response centres and to the ECC. Sangoma does not have control over local emergency response centres, the ECC, emergency responders, or other third parties. Sangoma disclaims all responsibility for the conduct of local emergency response centres, the ECC, third parties engaged by Customer to facilitate address updates, and all other third parties involved in the provision of emergency response services. To the extent permitted by applicable Law, you hereby release, discharge, and hold harmless Sangoma from and against any and all liability relating to or arising from any acts or omissions of such third parties or other third parties involved in the handling of or response to any emergency or 999/112 emergency services call. Customer indemnifies and holds harmless Sangoma, and any third-party provider(s) from any and all third-party claims, losses, damages, fines, or penalties arising out of: (i) Customer or its End User's provision to Sangoma of incorrect information, including physical addresses, or failure to update a Registered Address; (ii) Customer's failure to properly notify any person who may place calls using the Services of the 999/112 emergency services limitations; or (iii) the absence, failure, or outage of emergency service dialling using the Services for any reason; and (iv) the inability of any End User to be able to dial 999/112 or access emergency service personnel for any reason.

5.2.3. Numbering Policies

Customer may obtain new numbers from Sangoma for use with the Services, or may port existing numbers, subject to the terms below.

5.2.3.1. Number Availability

Sangoma makes available phone numbers for use with voice services, which Customer may select for assignment to the Customer's Account. Sangoma's listing of a number as available may be erroneous and does not constitute a representation or guarantee that such number is actually available for such assignment. In the event a chosen number is not actually available, Sangoma may remove such number from an Account.

5.2.3.2. Number Porting

5.2.3.2.1. Number Port-In Request Procedures

Customer must keep its existing service active in order to port a phone number to Sangoma. In order to request the porting of a telephone number into an Account, the Account Administrator for the Account must provide the details at ordering time (which may include without limitation providing an executed Letter of Agency) or as otherwise requested by Sangoma.

5.2.3.2.2. The Number Porting Process

In order to request the porting out to another services provider of a telephone or facsimile number currently assigned to an Account, you must follow the instructions specified by that services provider and must provide all information and cooperation requested by the relevant other services providers, Sangoma, or any other relevant third party. The porting of phone numbers into or out of an Account requires Customer's provision of specific and detailed information to Sangoma and/or other service providers, and procedures imposed by other service providers or Sangoma in order to comply with law and industry standards. Therefore, the completion of any number port request may depend on factors outside of Sangoma's control, including delays caused by Customer and/or other service providers.

Fees and lead time for Porting Process are outlined here <https://www.sipstation.co.uk/> and at <https://cloud.pbxact.co.uk>

5.2.3.2.3. Unauthorised Port Outs

Sangoma is required by law to comply with any valid porting request. Phone numbers may be ported out from an Account due to acts or omissions of third parties, and it may be difficult or impossible for Sangoma to: (i) prevent such port-outs; (ii) retrieve numbers ported out of an Account; or (iii) port such numbers back into an Account. Sangoma has no responsibility or liability due to such port-outs

5.2.3.2.4. Accurate Porting Information.

Customer represents and warrants that all information provided in connection with any request to port in or port out numbers to or from the Sangoma Services (including without limitation any information or representations in any Letter of Agency) by Customer or any party acting on its behalf or direction will be true, accurate, and up-to-date.

5.2.3.2.5. Customer Compliance with Porting Laws

The porting of numbers is subject to telecommunications and other Laws and may be subject to third-party terms and conditions. Customer, and/or any party acting on Customer's behalf, shall not: (i) violate any applicable Law or engage in any fraudulent or deceptive conduct in its porting-related requests or activities; (ii) engage in or facilitate "slamming" or the porting out of any telephone or facsimile number or change or attempt to change any party's telephony service provider without first obtaining the proper, requisite consents and authorisations; or (iii) violate contractual or other obligations to service providers or other third parties.

5.2.3.2.6. Release of Numbers

In the event of Account termination or cancellation, all telephone numbers associated with the Account which have not previously been ported to another provider may be released. The cancellation of individual Digital Lines may result in the release of the associated numbers if those numbers have not previously been ported to another provider. Customer is solely responsible for working with its new third-party provider to port out any numbers prior to termination or cancellation of Customer's Account or Services, or any individual line.

5.2.3.3. Number Publication by Customer

All new number assignments are provisional until verified by Sangoma and confirmed by Customer. Customer shall not publicise, list, or communicate any number that assigned to the Account, or purchase or invest in any materials or media reflecting any such number unless and until Customer has confirmed that such number(s) is(are) active and functioning as desired. Acceptable methods of confirmation include test calling such number(s) from a non-Sangoma service plan and verifying that the fees and charges that will be incurred in connection with use of such number(s) are acceptable to Customer.

6. Termination

6.1. Termination for Cause

Either Party may terminate this Agreement and any Services purchased hereunder in whole or part by giving written notice to the other Party if the other Party: i) breaches any material term of this Agreement and fails to cure such breach within thirty (30) days after receipt of such notice; ii) at the written recommendation of a government or regulatory agency following a change in either applicable Law or the Services; or iii) upon the commencement by or against the other Party of insolvency, receivership or bankruptcy proceedings or any other proceedings or an assignment for the benefit of creditors.

6.2. Effect of Termination

6.2.1. If Customer terminates the Services, a portion of the Services, or this Agreement in its entirety, due to Sangoma's material breach under Section 6.1 (Termination for Cause), Customer will not be liable for any

fees or charges for terminated Services for any period subsequent to the effective date of such termination (except those arising from continued usage before the Services are disconnected), and Sangoma will provide Customer a pro-rata refund of all any prepaid and unused fees or charges paid by Customer for terminated Services.

- 6.2.2. If this Agreement or any Services are terminated for any reason other than as a result of a material breach by Sangoma or as set forth in Section 14.11 (Regulatory and Legal Changes) the Customer must, to the extent permitted by applicable Law and without limiting any other right or remedy of Sangoma, pay within thirty (30) days of such termination all amounts that have accrued prior to such termination, as well as all sums remaining unpaid for the Services for the remainder of the then-current Term.

7. Intellectual Property

7.1. Limited Licence

- 7.1.1. Subject to, and conditional upon Customer's compliance with, the terms of this Agreement, Sangoma grants to Customer and its End User, a limited, personal, revocable, non-exclusive, non-transferable (other than as permitted under this Agreement), non-sublicensable licence to use any software provided or made available by Sangoma to the Customer as part of the Services ("Software") to the extent reasonably required to use the Services as permitted by this Agreement, only for the duration that Customer is entitled to use the Services and subject to the Customer being current on its payment obligations.

- 7.1.2. Customer will not, and will not allow its End Users, to:

- 7.1.2.1. Sublicense, resell, distribute or assign its right under the licence granted under this Agreement to any other person or entity;
- 7.1.2.2. modify, adapt or create derivative works of the Software or any associated documentation;
- 7.1.2.3. reverse engineer, decompile, decrypt, disassemble or otherwise attempt to derive the source code for the Software;
- 7.1.2.4. use the Software for infringement analysis, benchmarking, or for any purpose other than as necessary to use the Services Customer is authorised to use;
- 7.1.2.5. create any competing Software or Services; or
- 7.1.2.6. remove any copyright or other proprietary or confidential notices on any Software or Services.

7.2. IP Rights

7.2.1. Sangoma's Rights

Except as expressly provided in this Agreement, the limited licence granted to Customer under Section 7.1 (Limited Licence) does not convey any ownership or other rights or licences, express or implied, in the Services, any related materials, or in any Intellectual Property and no IP Rights or other rights or licences are granted, transferred, or assigned to Customer, any End User, or any other party by implication, estoppel, or otherwise. All rights not expressly granted herein are reserved and retained by Sangoma and its licensors. The Software and Services may comprise or incorporate services, software, technology or products developed or provided by third parties, including open source software or code. Customer acknowledges that misuse of Sangoma Services may violate third-party IP Rights.

7.2.2. Customer Rights

As between Sangoma and Customer, Customer retains title to all IP Rights that are owned by the Customer or its suppliers. To the extent reasonably required or desirable for the provision of the Services, Customer grants to Sangoma a limited, personal, non-exclusive, royalty-free, licence to use Customer's IP Rights in the same. Customer must provide (and is solely responsible for providing) all required notices and obtaining all licences, consents, authorisations or other approvals related to the use, reproduction, transmission, or receipt of any Customer Content that includes personal or Confidential Information or incorporates any third-party IP rights.

7.3. Use of Marks

Neither Party may use or display the other Party's trademarks, service mark or logos in any manner without such Party's prior written consent. In the case of customers being a Certified Sangoma Partner, this clause (7.3) is superseded by the terms of Sangoma's Partner Agreement.
